Overview courses & specialization tracks MSc Epidemiology Postgraduate Online

Introduction to Epidemiology Introduction to Statistics Itudy Design in Etiologic Research Illassical Methods in Data Analysis Idodern Methods in Data Analysis Idode	1.5 ECTS 1.5 ECTS 3 ECTS 6 ECTS 4.5 ECTS 1.5 ECTS 1.5 ECTS 0.5 ECTS 0.5 ECTS 1.5 ECTS
tudy Design in Etiologic Research classical Methods in Data Analysis dodern Methods in Data Analysis dodern Methods in Data Analysis driting Research Proposals desearch Ethics: an Introduction dresenting your Research Confidently ffective Conference Poster Presentations * Not a required core course, but can be taken simultaneously with Presenting Your Research Confidently frack Clinical Epidemiology — 14 EC the following obligatory courses (4.5 EC): dinical Epidemiology dinical Trials and Drug Risk Assessment yystematic Reviews in Intervention Research tt least one (1.5 EC) of the following courses: dvanced Diagnostic Research rognostic Research tt least one (1.5 EC) of the following courses: dvanced Topics in Causal Research ystematic Reviews in Diagnostic Research	3 ECTS 6 ECTS 4.5 ECTS 1.5 ECTS 0.5 ECTS 0.5 ECTS 1.5 ECTS 1.5 ECTS 1.5 ECTS 1.5 ECTS
Alassical Methods in Data Analysis Modern Methods in Data Analysis Modern Methods in Data Analysis Mitting Research Proposals Mesearch Ethics: an Introduction Mesearch Ethics: an Introduction Mesearch Confidently Methods in Data Analysis Mesearch Ethics: an Introduction Mesearch Confidently Methods are a large of the following courses of the following obligatory courses (4.5 EC): Minical Epidemiology Minical Trials and Drug Risk Assessment Mystematic Reviews in Intervention Research Methods are a large of the following courses: Movanced Diagnostic Research Methods in Data Analysis Mesearch Proposals Mesearch	6 ECTS 4.5 ECTS 1.5 ECTS 0.5 ECTS 0.5 ECTS 1.5 ECTS 1.5 ECTS 1.5 ECTS 1.5 ECTS 1.5 ECTS
Indodern Methods in Data Analysis Indicated Proposals Idesearch Ethics: an Introduction Idesearch Ethics: an Introduction Idesearch Ethics: an Introduction Idesearch Confidently Identify Iffective Conference Poster Presentations * Not a required core course, but can be taken simultaneously with Presenting Your Research Confidently Identify Introduction Introductio	4.5 ECTS 1.5 ECTS 0.5 ECTS 0.5 ECTS 1.5 ECTS 1.5 ECTS 1.5 ECTS 1.5 ECTS
Ariting Research Proposals Itesearch Ethics: an Introduction Tresenting your Research Confidently Iffective Conference Poster Presentations * Not a required core course, but can be taken simultaneously with Presenting Your Research Confidently Irack Clinical Epidemiology — 14 EC the following obligatory courses (4.5 EC): Idinical Epidemiology Idinical Trials and Drug Risk Assessment systematic Reviews in Intervention Research It least one (1.5 EC) of the following courses: dvanced Diagnostic Research Trognostic Research It least one (1.5 EC) of the following courses: dvanced Topics in Causal Research systematic Reviews in Diagnostic Research ystematic Reviews in Diagnostic Research	1.5 ECTS 0.5 ECTS 0.5 ECTS 0.5 ECTS 1.5 ECTS 1.5 ECTS 1.5 ECTS
Research Ethics: an Introduction Tresenting your Research Confidently Iffective Conference Poster Presentations * Not a required core course, but can be taken simultaneously with Presenting Your Research Confidently Track Clinical Epidemiology — 14 EC The following obligatory courses (4.5 EC): Idinical Epidemiology Idinical Trials and Drug Risk Assessment Systematic Reviews in Intervention Research It least one (1.5 EC) of the following courses: Idvanced Diagnostic Research Trognostic Research It least one (1.5 EC) of the following courses: Idvanced Topics in Causal Research Systematic Reviews in Diagnostic Research Systematic Reviews in Diagnostic Research	1.5 ECTS 0.5 ECTS 0.5 ECTS 1.5 ECTS 1.5 ECTS 1.5 ECTS
resenting your Research Confidently ffective Conference Poster Presentations * Not a required core course, but can be taken simultaneously with Presenting Your Research Confidently Frack Clinical Epidemiology — 14 EC the following obligatory courses (4.5 EC): Clinical Epidemiology Clinical Trials and Drug Risk Assessment yetematic Reviews in Intervention Research to least one (1.5 EC) of the following courses: dvanced Diagnostic Research trognostic Research to least one (1.5 EC) of the following courses: dvanced Topics in Causal Research yetematic Reviews in Diagnostic Research	0.5 ECTS 0.5 ECTS 1.5 ECTS 1.5 ECTS 1.5 ECTS
ffective Conference Poster Presentations * Not a required core course, but can be taken simultaneously with Presenting Your Research Confidently Frack Clinical Epidemiology — 14 EC the following obligatory courses (4.5 EC): Clinical Epidemiology Clinical Trials and Drug Risk Assessment yestematic Reviews in Intervention Research At least one (1.5 EC) of the following courses: dvanced Diagnostic Research Trognostic Research At least one (1.5 EC) of the following courses: dvanced Topics in Causal Research yestematic Reviews in Diagnostic Research	1.5 ECTS 1.5 ECTS 1.5 ECTS 1.5 ECTS
Not a required core course, but can be taken simultaneously with Presenting Your Research Confidently Track Clinical Epidemiology — 14 EC the following obligatory courses (4.5 EC): Sinical Epidemiology Sinical Trials and Drug Risk Assessment systematic Reviews in Intervention Research at least one (1.5 EC) of the following courses: dvanced Diagnostic Research trognostic Research at least one (1.5 EC) of the following courses: dvanced Topics in Causal Research systematic Reviews in Diagnostic Research	1.5 ECTS 1.5 ECTS 1.5 ECTS
Track Clinical Epidemiology – 14 EC he following obligatory courses (4.5 EC): linical Epidemiology linical Trials and Drug Risk Assessment lystematic Reviews in Intervention Research It least one (1.5 EC) of the following courses: It dvanced Diagnostic Research Irognostic Research It least one (1.5 EC) of the following courses:	1.5 ECTS 1.5 ECTS
he following obligatory courses (4.5 EC): Clinical Epidemiology Clinical Trials and Drug Risk Assessment systematic Reviews in Intervention Research At least one (1.5 EC) of the following courses: dvanced Diagnostic Research rognostic Research At least one (1.5 EC) of the following courses: dvanced Topics in Causal Research systematic Reviews in Diagnostic Research	1.5 ECTS 1.5 ECTS
clinical Epidemiology clinical Trials and Drug Risk Assessment ystematic Reviews in Intervention Research at least one (1.5 EC) of the following courses: dvanced Diagnostic Research rognostic Research at least one (1.5 EC) of the following courses: dvanced Topics in Causal Research ystematic Reviews in Diagnostic Research	1.5 ECTS 1.5 ECTS
linical Trials and Drug Risk Assessment ystematic Reviews in Intervention Research It least one (1.5 EC) of the following courses: dvanced Diagnostic Research rognostic Research It least one (1.5 EC) of the following courses: dvanced Topics in Causal Research ystematic Reviews in Diagnostic Research	1.5 ECTS 1.5 ECTS
ystematic Reviews in Intervention Research It least one (1.5 EC) of the following courses: dvanced Diagnostic Research rognostic Research It least one (1.5 EC) of the following courses: dvanced Topics in Causal Research ystematic Reviews in Diagnostic Research	1.5 ECTS
t least one (1.5 EC) of the following courses: dvanced Diagnostic Research rognostic Research tt least one (1.5 EC) of the following courses: dvanced Topics in Causal Research ystematic Reviews in Diagnostic Research	1.5 ECTS
dvanced Diagnostic Research rognostic Research It least one (1.5 EC) of the following courses: dvanced Topics in Causal Research ystematic Reviews in Diagnostic Research	
dvanced Diagnostic Research rognostic Research It least one (1.5 EC) of the following courses: dvanced Topics in Causal Research ystematic Reviews in Diagnostic Research	
rognostic Research t least one (1.5 EC) of the following courses: dvanced Topics in Causal Research ystematic Reviews in Diagnostic Research	
t least one (1.5 EC) of the following courses: dvanced Topics in Causal Research ystematic Reviews in Diagnostic Research	
dvanced Topics in Causal Research ystematic Reviews in Diagnostic Research	
ystematic Reviews in Diagnostic Research	
	1.5 ECTS
ystematic Reviews of Prognostic Studies	1.5 ECTS
,	1.5 ECTS
dd other courses to reach 14 EC for the specialization	
rack Veterinary Epidemiology – 14 EC	
he following obligatory courses (8.5 EC)	
eterinary Epidemiology	6 ECTS
conomic Principles and Concepts for the Veterinary Sciences	2.5 ECTS
continue i iniciples and concepts for the veterinary colonices	2.0 2010
dd other courses to reach 14 EC for the specialization	
pplied Economic Modelling for the Veterinary Sciences	3 ECTS
asics of Mathematical Modelling of Infectious Diseases**	1.5 ECTS
dvanced Mathematical Modelling of Infectious Diseases**	1.5 ECTS
rack General Epidemiology – 14 EC	
our selection of courses from this overview	
The other and a second of the Lat 14 TO	
lective courses to reach a total of 14 EC	
ublic Health Epidemiology	1.5 ECTS
nvironmental and Occupational Epidemiology	3 ECTS
ardiovascular Epidemiology	1.5 ECTS
ntroduction to Analysis of Variance**	1.5 ECTS
harmacoepidemiology & Drug Safety	1.5 ECTS
undamentals of Global Health	1.5 ECTS
lutritional Epidemiology*	1.5 ECTS
isk Assessment and Risk Management*	1.5 ECTS
vidence Based Assessment of New Imaging Techniques** lease note: courses marked with ** may not be offered every year	1.5 ECTS
